

LibraryLinkNJ New Website Orientation Webinar – 4/26/11 – Chat Transcript

Marian Bauman:can the first primary contact add the second one?

misun:You need to type in your library name exactly as it is listed on the Member Search Page.

misun:I will double-check, but I remember that Mercer County Library System is in the database.

misun:please send me an email so that I can reply to you.

misun:^_^;

misun:when you change your password, a message will show up recommending to choose a password that contains at least 6 characters. This is just a recommendation for you to create a secure password, but not a requirement.

misun:please make sure that you log in first

misun:primary contacts still have to create their user account.

Tammy Marshall:When I registerd I had problems with the "Job Responsibilities" field. It wouldn't let me choose more than one, actually, I could either choose just one of all. It was very glitchy.

misun:You can select more than one responsibility by pressing the Ctrl key and clicking another responsibilities.

misun:This instruction is also listed below the job responsibilities data field.

Tammy Marshall:I know, but that didn't work.

misun:Let me get back to you on this.

Tammy Marshall:It was very sensitive, with the highlighted fields going all over the place.

Tammy Marshall:OK

Arlen Kimmelman:will our historical stats show here?

misun:no.

Guest 8:Maybe I missed it - a library can have more than one primary contact?

misun:yes

misun:you can have two primary contacts.

Arlen Kimmelman:will the stats hist change in the future?

Arlen Kimmelman:How do I get historical reports?

Arlen Kimmelman:Just from JerseyCat?

misun:we have hard copy records for past months.

misun:each library will have to keep their daily stat log sheet at least for 12 months.

Arlen Kimmelman:OK - we'll use JerseyCat's historical stats. - that's what I meant.

Thanks
