Wordle is a toy for generating “word clouds” from text that you provide.

The clouds give greater prominence to words that appear more frequently in the source text. You can tweak your clouds with different fonts, layouts, and color schemes. The images you create with Wordle are yours to use however you like. You can print them out, or save them to the Wordle gallery to share with your friends.

## How to Wordle ([www.wordle.net](http://www.wordle.net))

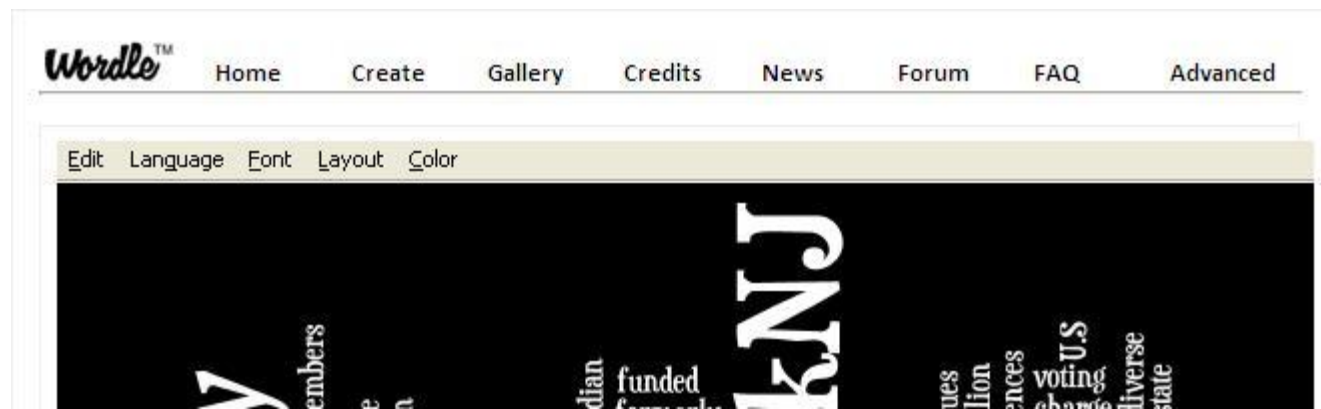

If you want to	Then	Comments
Create a Wordle, go to <a href="http://www.wordle.net">www.wordle.net</a>		Type or paste text. The more times the word appears, the larger it will be in the finished wordle. Leave a space between items or enter them on a new line.
Change the font		Select your font choice.
Change the layout		Select your layout choice.
Change the color		Select your color choice.
Keep phrases together	You would like to keep multi-words phrases together.	Use the ~ between words (i.e., North~America will appear together not as North and then America).
Use numbers for repetition	Go to the advanced Wordle.	Format word: 123 (word : number of repeats)
Save (not suggested)	You can only save to public gallery.	I would <b>not</b> suggest this for school since the gallery is public and not screened.
Save (the best option)	Use print screen option	Use the print screen option to capture the Wordle and then edit in Paint (or a similar program). Save the Wordle as a jpeg. If you have access to read/write adobe, you can print to the adobe "printer".

# Now it's your turn!

Try Wordle and provide feedback in the chat window. Please laugh when you are done.

### Fast Facts

Jupiter is the largest planet- 11 times larger than Earth! The red eye (see arrow below) is 3 times the diameter of Earth,

It is named after a Roman God.

It is the 5th planet from the sun.

It is a fast planet and makes one rotation in about 10 hours (not like 24 hours for Earth).

Gravity is 2.4 times more than Earth. If you weigh 100 lbs on Earth, how much would you weigh on Jupiter?

Click to play the movie

## Spell with Kerpoof!

APR 17, 2011 06:28P.M.

While Kerpoof Studio can make videos, you can also use their Spell a Picture feature. Pick your background and begin to type- the images change as you type. When have completed the word, an arrow appears and you can add the image to your photo. Use this for whole group on a SMARTBoard or for centers. (from SMARTBoard Goodies)

## Stories from second grade

APR 15, 2011 09:57A.M.

Some of Irene Werner's students created illustrations for a writing project. They've recorded using LittleBirdTales. I hope you enjoy their original works!
